

Welcome!

Thank you for visiting the 2014 Open House at Beaufort County Community College. The theme of this event is *"You Fit Here! Come Take a Look!"*, and on behalf of the faculty and staff, I am delighted to welcome you to the campus.

For almost 50 years, BCCC has provided a quality education to men and women like you from Beaufort, Hyde, Tyrrell and Washington counties and other communities throughout the region.

BCCC means different things to many people.

For some, it is the best, if not their only, opportunity to get a post-secondary education. For others it is a convenient and cost-effective start towards a four-year bachelor's degree. Still others see BCCC as a stepping stone to a better job or a new career. To others, the college is a means to learn basic reading, writing, and mathematics skills. And for some, it's a place to learn a new hobby and spend time with friends.

For all of us, BCCC means a better quality of life and a better community.

No matter what BCCC means to you, we are certain that "You Fit Here!" and we're very glad you've come to take a look!

Sincerely,

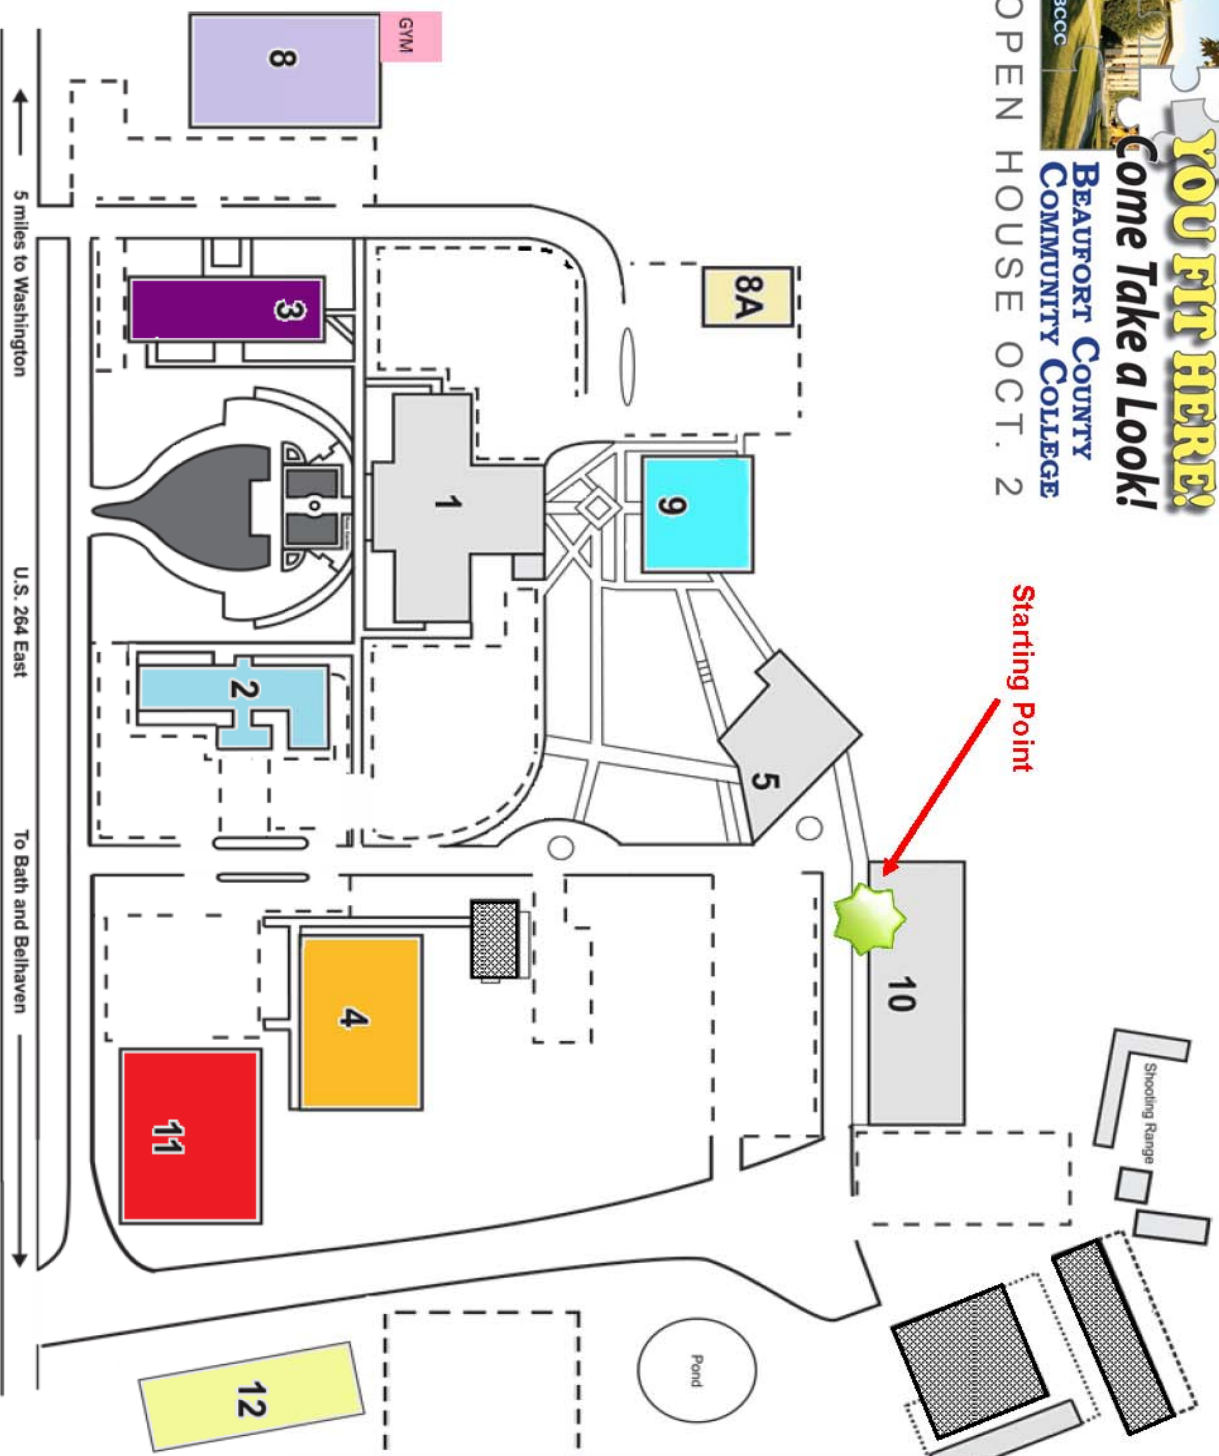

Dr. Barbara Tansey
President
